

Journal Publications of James H. Dittmar  
NASA Glenn Research Center

- DITTMAR, J. H. & HALL, D. G. *Cruise Noise of an Advanced Propeller with Swirl Recovery Vanes.* JOURNAL OF AIRCRAFT **30**, 221-226 (1993).
- WOODWARD, R. P., LOEFFLER, I. J. & DITTMAR, J. H. *Measured Far-Field Flight Noise of a Counterrotation Turboprop at Cruise Conditions.* NOISE CONTROL ENGINEERING JOURNAL **34**, 121-130 (1990).
- DITTMAR, J. H. & STANG, D. B. *Cruise Noise of the 2 9 Scale Model SR-7A Propeller.* JOURNAL OF AIRCRAFT **25**, 740-746 (1988).
- DITTMAR, J. H. & STANG, D. B. *Reduction of the Noise of a Model Counterrotation Propeller at Cruise by Reducing the Aft Propeller Diameter.* JOURNAL OF THE ACOUSTICAL SOCIETY OF AMERICA **81**, S96-S96 (1987).
- DITTMAR, J. H. *Why Credible Propeller Noise Measurements Are Possible in the Acoustically Untreated NASA Lewis 8 ft by 6 ft Wind-Tunnel.* JOURNAL OF THE ACOUSTICAL SOCIETY OF AMERICA **75**, 1913-1914 (1984).
- MILLER, B. A., DITTMAR, J. H. & JERACKI, R. J. *Propeller Tip Vortex - A Possible Contributor to Aircraft Cabin Noise.* JOURNAL OF AIRCRAFT **19**, 84-86 (1982).
- DITTMAR, J. H., JERACKI, R. J. & BLAHA, B. J. *Tone Noise of 3 Supersonic Helical Tip Speed Propellers in a Wind-Tunnel.* JOURNAL OF THE ACOUSTICAL SOCIETY OF AMERICA **68**, 711-712 (1980).
- DITTMAR, J. H., BLAHA, B. J. & JERACKI, R. J. *Tone Noise of 3 Supersonic Helical Tip Speed Propellers in a Wind-Tunnel.* JOURNAL OF THE ACOUSTICAL SOCIETY OF AMERICA **65**, S139-S139 (1979).
- DITTMAR, J. H. *Reduction of Fan Noise in an Anechoic Chamber by Reducing Chamber Wall Induced Inlet Flow Disturbances.* JOURNAL OF THE ACOUSTICAL SOCIETY OF AMERICA **63**, S22-S22 (1978).
- DITTMAR, J. H. & SCOTT, J. N. *Reduction of Noise from a Fan Stage for a Turbofan Engine by Use of Long-Chord Acoustically Treated Stator Vanes.* JOURNAL OF THE ACOUSTICAL SOCIETY OF AMERICA **58**, S7-S8 (1975).
